FREIGHTER ALASKAN TO TAKE BIG CARGO

Yesterday afternoon at 4 o'clock the American-Hawaiian Steamship Company's enormous freighter Alaskan docked at the largest of the railroad wharves after a trip of 9 days 3 hours from San Francisco.

The Alaskan had a splendid trip from San Francisco to this port. Her machinery worked perfectly and good weather was experienced during the entire voyage.

The Alaskan had her trial trip on April 19 when she averaged a speed of 11.9 knots an hour. On the morning of April 21 her compasses were adjusted and a start made for the Paradise of the Pacific.

Her average speed on the trip down was 9 1/2 knots an hour. On coming into the harbor the Alaskan met with a slight accident. Off the Oceanic dock, her propeller got foul of the dredger's pilot buoy but Captain Brokaw of the Fearless, who was standing by, saved the situation by getting a line on board just in time.

The Alaskan is 510 feet long, 41 feet deep with a 56 foot beam. Her displacement is 17,000 tons and her cargo capacity 12,000 tons. She has twin screws.

The freighter only brought 800 tons of freight. She will take away an immense cargo. It is calculated that she will take away from this city and the other islands 11,000 tons of sugar or 176,000 bags. She is expected to leave Honolulu for Kahului and Hilo on Monday, when she will complete her cargo.

She will then proceed to New York, stopping on her way to coal at Colon, not to be out of the country in the morning paper, the latter place being in India and a trifle out of the way.

The master of the Alaskan is Captain Hanfield, the commodore of the American-Hawaiian fleet. He was formerly master of the Hawaiian. First Officer G. R. Knight was formerly master of the ship J. B. Brown and Second Officer Curtis was second officer of the transport Logan. Chief Engineer Chisholm was formerly the chief of the Californian of the same line.

LADIES TENNIS GAMES

Lawn tennis championship games for the Hawaiian Islands are to be played in Honolulu on the courts of both the Beretania and the Pacific Tennis Clubs, and the first thing scheduled is the men's singles to be started on Wednesday, the 7th of May, only a week hence. The book for entries is with Messrs. Pearson, Potter Co. on Hotel street and will close for the singles on Tuesday at 5 p. m. The singles will be followed by men's doubles and the entries for this event will close the day before the games are called.

Ladies' singles, ladies' doubles and mixed doubles will follow in the order named and entries for these will close the day before the events are to be played.

No event will be started unless at least four entries are recorded. The 1901 rules of the American Lawn Tennis Association will govern the games during this tournament as the 1902 rules have not reached here yet.

Considerable work and practice is being indulged in by all exponents of the game and one of the most interesting tournaments in tennis is expected this coming season.

All friends of this good sport are invited to enter and also to make use of the courts of the Beretania and Pacific clubs for practice.

The public is cordially invited to attend the games.
